

Long Bay House
Long Bay Beachfront, Providenciales

Long Bay House is an elegant beachfront estate, situated on over 2 acres and set amidst Providenciales' most luxurious properties within the beachfront neighborhood of Long Bay. The property has been beautifully landscaped and also benefits from over 157 feet of coveted white sandy beach to enjoy with endless turquoise ocean views.

On the east wing of the villa the spacious, fully equipped European inspired kitchen and dining area with large harvest table serves as the indoor dining venue and is the gracious heart of the home. The formal living room located on the west wing provides a tranquil area to rest and unwind. The cathedral ceilings with white-washed beams open up the main living areas and deliver visual space while the large French doors and windows allow an abundant amount of natural light to enter each space. The villa is tastefully decorated and the main level has recently been renovated and updated.

A covered outdoor dining terrace, BBQ area, large pool terrace, covered deck space and heated swimming pool are all perfect gathering areas for entertaining and hosting large parties. In addition, there's also an upper level family room with a balcony overlooking the pool and gorgeous ocean views. For the active family members and guests, the villa has a fully equipped games room in the lower level including a pool table, foosball, table tennis, dartboard and wide screen TV with electronic games.

Spanning 8,500 interior SF, the two-storey villa boasts six beautiful bedrooms all with en-suite bathrooms and private balconies. Four of the bedrooms are ocean facing with guests waking up to the incredible Long Bay sunrise each morning. The sixth bedroom is a guest suite above the garage and adjacent to the main house which offers oceanfront views, kitchenette, full bathroom and living area. Also, a separate one bedroom gate house is currently occupied by caretaking staff.
